Neo

Leonardo Rossano & Debora Mansur

true

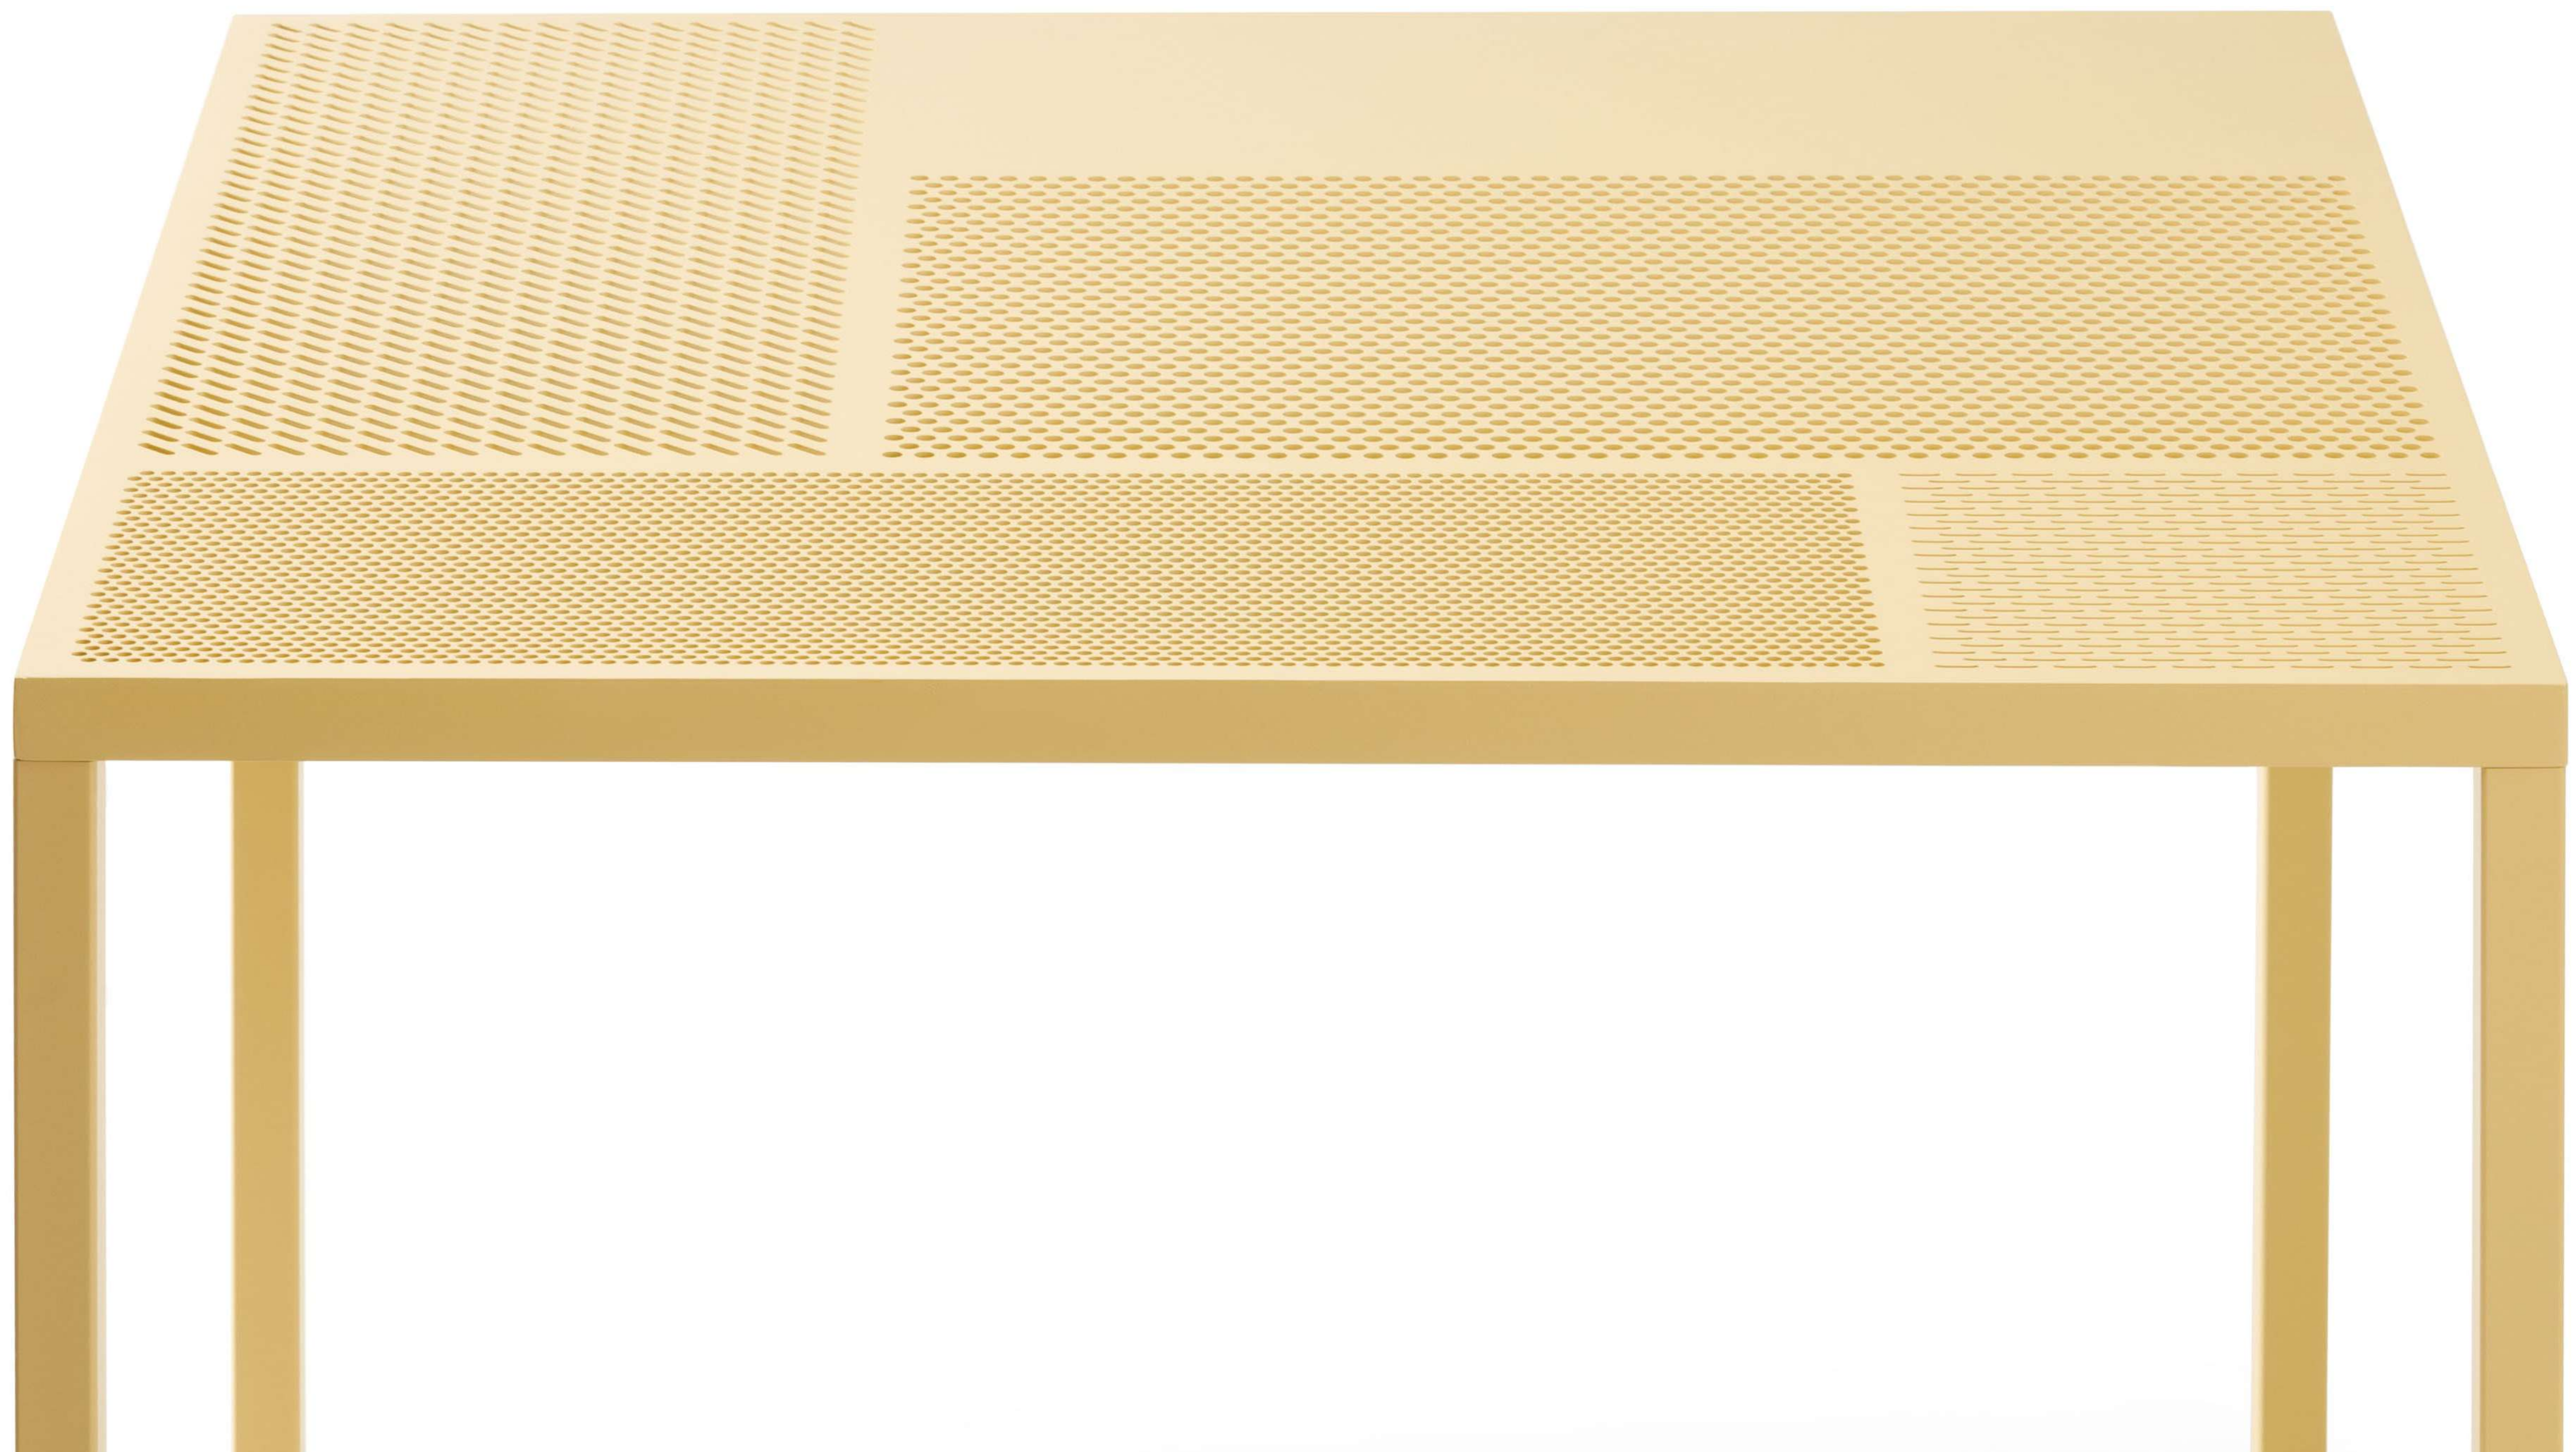

Neo, the outdoor table system designed by Leonardo Rossano and Debora Mansur, is inspired by the linear geometries of the abstract art. In a game of light and shadows, across overlapping and different textures, a patchwork of patterned perforations is created on the steel sheet tops. The tables are available in different geometries and sizes: round, rectangular and square.

Neo, il sistema di tavoli per esterno, disegnato da Leonardo Rossano e Debora Mansur, nasce dall'ispirazione alle geometrie lineari dell'arte astratta. In un gioco di ombre e luci, tra texture sovrapposte e diverse, si crea un patchwork di forature a disegno sui piani di lamiera d'acciaio. I tavoli sono disponibili in diverse geometrie e dimensioni: rotondi, rettangolari e quadrati.
