Anyway is a family of versatile lacquered wood objects, able to adapt to different purposes and environments: stool, bedside table, coffee table, seat, support, turning also into a bookcase by stacking them one on top of the other. The project was born on the occasion of the competition Italian Design Day 2020 “The design: a journey from Italy to Spain”, aimed at young creatives and Spanish students under 35 years old, in collaboration with the Italian Embassy in Madrid, the Consulate General in Barcelona and the magazine Interni.

Anyway è una famiglia di oggetti in legno laccato versatili, capaci di adattarsi a diversi usi e ambienti: sgabello, comodino, coffee table, seduta, appoggio, fino a diventare libreria impilandoli uno sull'altro. Il progetto è nato in occasione del concorso Italian Design Day 2020 dal titolo “Il design: un viaggio tra Italia e Spagna”, rivolto a giovani creativi e studenti spagnoli sotto i 35 anni, in collaborazione con l'Ambasciata d'Italia a Madrid e il Consolato Generale a Barcellona e la rivista Interni.
